• Projects

- **PrepNext — AI Interview Prep App** [Next.js, Prisma, PostgreSQL, OpenAI](#) [Demo](#) [Code](#)
 - Built an AI driven mock interview platform with resume scoring and contextual feedback using OpenAI.
 - Implemented secure authentication and end-to-end flows optimized Prisma queries to reduce average response latency during testing.
 - Deployed on vercel added analytics to track user engagement and iterate on feedback.
 - **Mediecho — AI Medical Voice Consultation** [Next.js, WebSockets, OpenAI, VapiAI](#) [Demo](#) [Code](#)
 - Implemented real-time voice streaming and transcription pipeline with on the fly AI responses for conversational medical guidance.
 - Architected streaming and retry logic to improve responsiveness and session reliability for multiturn conversations.
 - **Shortlyai — Short Video Generator** [Next.js, Prisma, Gemini/Replicate integrations](#) [Demo](#) [Code](#)
 - Designed API and background job pipeline for prompt to video generation; built monitoring and retry mechanisms for failed jobs.
 - Modularized video processing to improve maintainability and reduce average queue times.
 - **Collabboard — Real time Collaborative Whiteboard** [Next.js, Websockets, PostgreSQL](#) [Demo](#) [Code](#)
 - Built multiuser drawing board with live sync, shapes, eraser, and persistent sessions using socket rooms and DB snapshots.
 - Enabled session playback and recovery via persisted snapshots.
-

• Experience

Freelance / Personal Projects - Full-Stack Developer

Delivered multiple full-stack web apps from concept to deployment responsibilities included API design, DB schema (Prisma), frontend UX, and deployment.

Focus areas: backend performance tuning, realtime synchronization, LLM integrations, and robust authentication flows.

• Technical skills

- **Languages** - JavaScript, TypeScript, C++
 - **Frameworks** - React, Next.js, Node.js, Express
 - **Databases** - PostgreSQL, MongoDB, Prisma
 - **APIs & Tools** - REST, WebSockets, NextAuth, OpenAI APIs, Github, Git, Tailwind CSS, Postman
-

• Education

Bachelor of computer application - Chandigarh University 04/2023 - 06/2026
